# A Dependable

## Innovation You Can Count On

Patented industry-first features and advanced design make the Rheem Endeavor WA15AZ a smart choice.

### Peace-Of-Mind Performance

Relax, you're covered by a dependable warranty<sup>1</sup>—5 Year Parts and 10 Year Conditional Compressor.

### Energy Efficiency Savings

Just like a vehicle's MPG, the higher the SEER2 and EER2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—allowing for energy savings month after month. Keep in mind, other factors such as system matching, sizing, ductwork and installation also affect overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best heating and cooling system for your home's comfort and your budget.

### Genuine Comfort

Inverter driven, variable speed, twin rotary compressor technology features cooling operation between 40% and 70% of capacity (ramping up to 100% when required) to continuously meet your ever-changing cooling needs. You'll enjoy exact temperature and advanced humidity control that combine to exceed your comfort expectations.

### Less Environmental Impact

The 7mm condenser coil<sup>2</sup> provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to Rheem's sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

### Durable Curb Appeal

Louvered side panels provide excellent protection to internal components, while modern cabinet aesthetics, including the powder coat paint system and one-piece drawn and painted base pan, prevent corrosion—allowing your unit to put its best face forward for years to come.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Integrated sound-dampening features such as refrigerant tubing design, fan blade approach, a one-piece drawn base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

# and Powerful Performer

## TESTED. TRUSTED. **TOUGH.**

From the smallest part to complete comfort systems, we engineer quality into every piece of equipment to be sure it's tough enough to deliver the ultimate performance you count on day after day, year after year. That reliability is what makes Rheem different—and better.

# ENDEAVOR®

## Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth® connectivity makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.

## FEATURES AT A GLANCE

**Cooling Efficiencies Up To:**  
15.2 SEER2 / 9.8 EER2

**Nominal Sizes:** 2 to 5 Tons

**Cooling Capacities:** 22.8 to 56 kBTU

**Sound Rating<sup>3</sup>:** As low as 72 dB

**Compressor Type:** Inverter Driven,  
Variable Speed Twin Rotary

**Condenser Coil Type<sup>2</sup>:** 7mm

### Feature Highlights:

**Variable Speed Twin Rotary  
Compressor & Inverter Drive:**  
Variable speed operation or 3-speed  
operation (with 24V Two-Stage Thermostat)

**Diagnostics:**  
Bluetooth technology aids in  
quick & easy service

### Limited Warranty<sup>1</sup>:

**Parts – 5 Years**

**Conditional Compressor – 10 Years**  
(registration required)
