THE CONVENIENCE OF

ALL-IN-ONE COMFORT

ENDEAVOR

Rheem® Endeavor® Line Classic Plus® Series

The ENERGY STAR® certified Rheem Endeavor Line Classic Plus Series RHPXYC Residential Packaged Heat Pump delivers space-saving heating and cooling. Its heat pump technology provides energy-efficient comfort that saves you money paired with reliability that delivers peace of mind.

Rheem.com/Endeavor

ENDEAVOR

We evaluate every detail of a product from top to bottom. inside and out and every angle in between. That's 360+1. And that's why you can count on this residential packaged heat pump to bring you and your family years of efficient and dependable comfort.

Innovation You Can Count On

Patented industry-first features and 360+1 design make the Rheem Endeavor RHPXYC a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by one of the best warranties in the industry1-10 Year Conditional Parts in residential applications.

Reduced Emissions

Households generate 72%² of greenhouse gas emissions, so switching to a heat pump can make a big difference for the environment-today.

High Comfort

Two-stage operation (67% and 100%) works to meet your ever-changing heating and cooling needs.

Durable Curb Appeal

The steel cabinet with a louvered coil guard provides excellent internal protection, while the overall modern cabinet aesthetics, including the powder coat paint system, allow your unit to put its best face forward for years to come. The sloped drain pain ensures all water is removed from the unit, eliminating any bacterial growth and enhancing indoor air quality.

Designing for Sustainability with Low GWP

For 2025, the Environmental Protection Agency (EPA) has set a global warming potential (GWP) limit of 700 for refrigerant used in heating and cooling systems. This new requirement will result in a 78%³ lower GWP than previous-generation refrigerants—with only minimal changes to system installation. For us, this is another step toward our continued sustainability goal of reducing greenhouse gas emissions, while still delivering an exceptional level of energy efficient, dependable comfort.

FEATURES AT A GLANCE

Cooling & Heating Efficiencies Up To: 15.2 SEER2 / 11.5 EER2 / 7.2 HSPF2

Refrigerant Type: R-454B **Nominal Sizes: 2 to 5 Tons**

Cooling Capacities: 22.8 to 57 kBTU **Heating Capacities: 32 to 55.5 kBTU**

EcoNet® Enabled: No

Sound Rating4: As low as 78 dB ENERGY STAR® Certified5: Yes

Compressor Type: Two-Stage Scroll Evaporator Coil Type: MicroChannel Condenser Coil Type: MicroChannel

Airflow Type: Convertible

Blower Motor Type: Constant Torque Fan Motor Type: PSC & ECM (5-ton)

Heater Kit: Factory- or Field-installed Option

1-Phase Option: Yes (all tonnages) 3-Phase Option: Yes (all tonnages)

Compatible Thermostat: Two-Stage 24V

PlusOnes:

PlusOne Refrigerant Detection System^{™6}-Integrated, patented design providing system protection and homeowner peace-of-mind with low GWP refrigerant monitoring

Limited Warrantv¹:

Conditional Parts (Residential Applications) -10 Years (registration required)

Compressor (Residential Applications) - 10 Years

Parts (Commercial Applications) - 1 Year

Compressor (Commercial Applications) – 5 Years

TESTED. TRUSTED. TOUGH.

From the smallest part to complete comfort systems, we build quality into everything we make so we can be sure it's tough enough to deliver the ultimate performance you can count on day after day, year after year. That reliability is what makes Rheem different-and better.
